

Top 3-4 Major Initiatives – 2014-15
Information Technology Services

1. Implement the third and final year of the current University Plan for IT
2. Implement the 2014-15 portions of the University Plan for Information Security
3. Implement technology improvements in the Residential Life Improvement Plan
4. Development of a new University Plan for IT. The scope and approach for creating a plan is currently under discussion. The plan may include strategic directions/vision, organizational support strategies, incorporation of security plan, major initiatives, etc.
