

# FERRIS STATE UNIVERSITY

## MICHIGAN COLLEGE OF OPTOMETRY

Faculty Position for an Assistant/Associate Professor Optometry - Neuro Optometry (12 mos. Tenure-track)

The Ferris State University Michigan College of Optometry is located in beautiful Western Michigan. It shares the Big Rapids campus with two other health care colleges (the College of Pharmacy and the College of Health Professions) offering programs in related fields such as nursing, public health, dental hygiene, nuclear medicine technology, and health care systems administration. The Michigan College of Optometry and University Eye Center are in a new, state-of-the-art facility that is LEED-Gold certified and contains the latest in eye care and instructional technology. The College also hosts the Vision Research Institute, involving faculty and students in clinical research in contact lenses, corneal health, sports vision therapy, and a growing list of vision science endeavors.

The successful applicant will assume duties in patient care and teaching in the clinic, classroom, and laboratories. The faculty member will be expected to develop in the areas of teaching, scholarly/professional activities, and leadership. Faculty members also have professional responsibilities which may include advising graduate professional students, participation in University and professional committees, keeping regular posted office hours (which are scheduled at times convenient for students), and participation in traditional functions which have academic significance. Faculty members may be required to teach off-campus.

Essential duties include teaching in areas of neuro optometry, and related courses. Also working within any of our clinics in areas which may include vision rehabilitation, primary care, specialty clinics, hospital-based, and community health center clinics. Please use the link below to access the official job posting.

If you are or know of someone who is a dynamic individual seeking to contribute to an outstanding program in a beautiful facility, and who wants to be in a position where professional development and advancement are valued and encouraged, then this a fantastic career opportunity! Confidential inquiries should be sent to Dr. Philip Walling at [wallingp@ferris.edu](mailto:wallingp@ferris.edu) or by calling Michelle Balliet at 231.591.3706.
