

January 4, 2016

Dear Scholarship Applicant,

Thank you for taking the time to review the following application presented by Holland Engineering, Inc. Holland Engineering provides engineering, project management, land surveying, environmental and field services throughout the Energy, Civil Infrastructure and Government markets. Founded in 1977 to provide engineering and surveying solutions, Holland Engineering, Inc. has grown from a staff of five to over 125 engineers, surveyors and professionals.

Holland Engineering has long recognized the value of investing in the future of young industry professionals through our internship programs and is looking to expand those opportunities through the launch of an annual scholarship. This Student Scholarship Award for 2016 will select one survey student from either Ferris State University or Michigan Technological University to be awarded \$2,500 to be used towards tuition or the purchase of student books. The Scholarship will be officially awarded by Monday, May 2, 2016.

Holland Engineering has a long history of providing land surveying solutions by offering a strong staff of experienced professionals and through the incorporation of cutting edge survey tools and technologies. If you are a student that is excited about both the history and future of land surveying and are looking to make land surveying part of your future career, we strongly encourage you to review and complete the attached application.

All applications **must be completed by March 31, 2016** to be considered and will be reviewed by an internal Review Committee. The Review Committee will make the final determination as to who will be awarded the scholarship. The Review Committee looks forward to receiving and reviewing your application.

Regards,

The Scholarship Committee of Holland Engineering, Inc.
