To be completed by Academic Affairs

President (Date Approved)     Board of Trustees (Date Approved)     President's Council (Date Approved)
1. Proposal Summary

The Homeland Security: Digital Security & Forensics (HSDF) Minor and Certificate have been offered in their current form since 2005. The certificate currently consists of the following courses:

- HSCJ 202 Principles of Information Security
- HSCJ 210 Digital Forensics
- HSCJ 315 Advanced Digital Forensics
- HSCJ 317 Fraud Examination

The minor requires the following additional courses:

- CRIM 110 Introduction to Crim Justice
- CRIM 301 CJ Investigation Issues

Most minor and certificate students come from the Criminal Justice (CJ) and Computer Networks and Systems (CNS) programs, and several courses are also core and concentration components of the B.S. Information Security and Intelligence (ISI) degree.

Feedback from students, other program faculty, and teaching faculty has indicated that a single certificate and minor track does not best meet the needs of our student population. This proposal addresses the limitations of a single certificate and minor track by offering two alternative certificates and minors. Specifically, the following actions are proposed:

1. Modify the certificate into two distinct certificates as follows (differences between the two are italicized):
   a. HSDF Certificate: Law Enforcement
      - HSCJ 202 Introduction to Information Security
      - HSCJ 210 Introduction to Digital Forensics
      - HSCJ 317 Fraud Examination
      - ISIN 300 Link and Visual Analysis
   b. HSDF Certificate: Technical
      - HSCJ 202 Introduction to Information Security
      - HSCJ 310 Digital Forensics and Analysis
      - HSCJ 315 Advanced Digital Forensics
      - ISIN 300 Link and Visual Analysis

Both certificates still require 4 courses (12 credits). We are requiring ISIN 300 in both options as this course (developed after the initial introduction of the certificate) has proven appropriate for the certificate and relevant for potential employers. The Technical certificate presumes a stronger technical foundation, as the emphasis is on the technical aspects of digital forensics.

2. Modify the minor into two distinct minors as follows (differences between the two are italicized):
   a. HSDF Minor: Law Enforcement
      - HSCJ 202 Introduction to Information Security
      - HSCJ 210 Introduction to Digital Forensics
      - HSCJ 317 Fraud Examination
      - ISIN 300 Link and Visual Analysis
      - ISIN 301 Data-Intelligence Competitive Theory
      - CRIM 301 CJ Investigation Issues
   b. HSDF Minor: Technical
      - HSCJ 202 Introduction to Information Security
      - HSCJ 310 Digital Forensics and Analysis
      - HSCJ 315 Advanced Digital Forensics
      - ISIN 300 Link and Visual Analysis
      - ISIN 301 Data-Intelligence Competitive Theory
      - ECNS 425 Network Security Theory-Tech

Note that the minor consists of the four certificate courses plus two additional courses.
2. Summary of All Course Action Required*

a. Newly Created Courses to FSU
   Prefix  Number  Title

b. Courses to be Deleted From FSU Catalog:
   Prefix  Number  Title

c. Existing Course(s) to be Modified:
   Prefix  Number  Title

d. Addition of existing FSU courses to program
   Prefix  Number  Title
   ISIN  300  Link and Visual Analysis
   ISIN  301  Data-Intelligence Competitive Theory
   ECNS  425  Network Security Theory-Tech
   HSCJ  310  Digital Forensics and Analysis**
   ** New/modified course addressed in the pending ISI curriculum proposal

e. Removal of existing FSU courses from program
   Prefix  Number  Title
FORM B
CURRICULUM CONSULTATION FORM

To be completed by each department affected by the proposed change, new degree, new program, new minor, or new course. Potential duplication of coursework is reason for consultation.

1. This completed form must be forwarded with the proposal to the chair/head of the department to be consulted.

2. The department must respond within 20 calendar days of receipt of this form to insure inclusion in the final proposal. The completed form is returned to the initiator and inserted into the proposal.

Failure to respond is interpreted as support for the proposal.

3. The Proposing Department must address any concerns raised by the department. This response will be in writing and be included in the proposal following the consultation form.

RE: HSDFS Minor and Certificate Curriculum Clean-up

Initiator(s): Jim Jones
Proposal Contact: Jim Jones Date Sent: 11/30/10
Department: COB - AFIS Campus Address: IRC 222

Responding Department: CJ
Chair/Head/Coordinator: Steve Reifert Date Returned: 2/4/11
(See attached email approval)

Based upon department faculty review on 2/4/11, we

☑ Support the above proposal.
☐ Support the above proposal with the modifications and concerns listed below.
☐ Do not support the proposal for the reasons listed below.

Comment regarding the impact this proposal has on scheduling, room assignments, faculty load, and prerequisites for your department. Use additional pages, if necessary.
Darlene,

I asked Michelle for a note as well. Can you please insert the Form B with Steve's checkmark, and attach the note below, and forward all to UCC? We might still get a note from Steve, but we can forward that later if so. I would think that Michelle's note should suffice?

Thanks.

02/04/2011 02:00 PM

Approved. I signed the Form B as well and Jim has it.

Darlene J Waring  Mr. Reifert, Could I please request an email approval... 02/04/2011 12:47:18 PM

From: Darlene J Waring/FSU
To: Steven E Reifert/FSU@FERRIS
Date: 02/04/2011 12:47 PM
Subject: Fw: Proposal for UCC

Mr. Reifert,

Could I please request an email approval for the HSDSF Minor and Certificate Curriculum Clean-up?

In the below email, Jim Jones states that he received verbal approval, but a signature on the Form B OR email approval is required for the proposal to move to the UCC level.

Thank you!

Darlene Waring

Responding to industry trends, the Homeland Security - Digital Security and Forensics Minor is a cooperative venture of the College of Business and the College of Education Criminal Justice Program. This minor was created to increase the options available for Ferris State University students seeking to supplement their education in the field of homeland security. By having a solid education in both the field of Criminal Justice, Homeland Security - Digital Security and Forensics, it is believed that Ferris State University students majoring in all areas will increase their employment opportunities.

### PROCEDURES

1. The Homeland Security - Digital Security and Forensics Minor is open to any student admitted to Ferris State University and pursuing a bachelor degree.
2. Students wishing to pursue this minor must complete a Declaration of Minor at the College of Education's School of Criminal Justice Office. Signatures of the student and the department head are required for approval.
3. An academic minor may only be awarded upon completion of a bachelor degree at Ferris State University. An average GPA of 2.0 or higher must be achieved for the coursework to count toward the minor. The minor requires a minimum of 18 semester hours, of which must be upper division courses.
4. Upon completion of the Homeland Security - Digital Security and Forensics minor, the student will notify the Graduation Secretary in the College of Education. Upon verification that the student has completed all the bachelor's degree requirements, the Dean's Office will notify the Registrar who will post completion of the minor to the student's official transcript.
5. No more than 30% of the credits in this minor may be transferred from another institution. No minor will be granted if more than 6 of the minor credits are specifically required in the student's major.

### NOTICE REGARDING WITHDRAWAL, RE-ADMISSION AND INTERRUPTION OF STUDIES

Students who return to the University after an interrupted enrollment (not including summer semester) must normally meet the requirements of the curriculum which are in effect at the time of their return, not the requirements which were in effect when they were originally admitted.

**NOTE:** A 2.00 GPA is required for completion of the Homeland Security - Digital Security and Forensics Minor.

The minor requires a minimum of 18 semester hours, 9 of which must consist of upper division courses.

4. Upon completion of the Homeland Security-Digital Security and Forensics minor, the student will notify the Graduation Secretary in the College of Education. Upon verification that the student has completed the bachelor's degree requirements, the Dean's Office will notify the Registrar who will post completion of the minor to the student's official transcript.

5. No more than 50% of the credits in this minor may be transferred from another institution. Nor, will this minor be granted if more than 6 of the minor credits are specifically required in the students major.

**NOTICE REGARDING WITHDRAWAL, RE-ADMISSION AND INTERRUPTION OF STUDIES**

Students who return to the university after an interrupted enrollment (not including summer semester) must normally meet the requirements of the curriculum which are in effect at the time of their return, not the requirements which were in effect when they were originally admitted.

**NOTE:** A 2.00 GPA is required for completion of the Homeland Security-Digital Security and Forensics Minor.

Minor Checksheet: Technical Track

Ferris State University - College of Education
SCHOOL OF CRIMINAL JUSTICE

Homeland Security-Digital Security and Forensics MINOR - 18 Credits

NAME: ______________________ Stu. ID#: __________________ MAJOR: ________________

Responding to industry trends, the Homeland Security-Digital Security and Forensics Minor is a cooperative venture of the College of Business and the College of Education Criminal Justice Program. This minor was created to increase the options available for Ferris State University students seeking to supplement their education in the field of homeland security. By having a solid education in both the field of Criminal Justice, Homeland Security-Digital Security and Forensics, it is believed that Ferris State University students majoring in all areas will increase their employment opportunities.
