TO BE COMPLETED BY THE CUSTODIAL PARENT OF DEPENDENT STUDENT

The Department of Education selected your student’s FAFSA for review due to income reported for 2014 that does not appear sufficient to provide financial support to the number of family members listed. In order to proceed with your student’s financial aid process, we need to have a better understanding of how your family is currently or was supported for 2014. Please review the options listed below and select the option that best represents your situation. When completing these questions, include information regarding you, the parent or stepparent, and anyone else living in your household in 2014 that may have contributed to the support of you and your family.

☐ My family and I are/were supported by another person or person(s). If this is your situation, please indicate who is contributing to your support, their relationship to you (friend, family member, etc.), and detail regarding the kind of support (housing, food, utilities, etc.) that they provide(d) to you and your family. Please also indicate the time period that this support was received:
