Heating Ventilation Air Conditioning and Refrigeration (HVACR)
HVACR Alumni Homecoming and Alumni Golf Outing

To carry on the spirit of Homecoming established at Ferris State University over the years, the HVACR program was excited to offer an opportunity to bring alumni, family and friends together for a fun day of golf and fellowship at the first annual HVACR Alumni & Friends Golf Outing held October 9, 2009.

Support of this golf outing was extremely important to our program's continued success. The involvement and dedication of Ferris HVACR alumni and friends have allowed this program to reach out and touch numerous students across the U.S.

As well, our program strives harder to continue the outstanding placement success of HVACR students in full time positions and summer internships during tough economic times. Proceeds raised from this year's outing will contribute directly to our HVACR program to aid in further support of student scholarships.
